What is TDS (Technical Documentation System)

Three SQL servers operate approximately 70 tables including approximately 133000 product numbers (PNCs) with 139000 pictures, 50000 diagrams and 2590 Service Manuals (SM) resp. Service Bulletins (SB).

System Requirements

Pentium >100 MHz, if possible 128kB RAM,
Microsoft Internet Explorer 4, Acrobat Reader 3 or better 4.

Access and Addresses

TDS is accessible via the Electrolux Intranet
TDS is protected by a Firewall against unauthorized access.

All IP addresses unknown to the Firewall will be rejected.

An access with a proxy server (used by the internet) is not possible. Please check the configuration of your browser.

Country	Server Location Database	TDS Homepage	Data	Last Update	
	Stockholm TDS Replica	Http://193.183.86.38/tds/asp/tds.asp	IT, FR, DE, BE, CH, UK-Tess, SE, F-Line Siegen	Uptodate	
	Nürnberg TDS Produktion	Http://194.246.10.19/tds/asp/tds.asp	IT, FR, DE, BE, CH, UK-Tess, SE, F-Line Siegen	Uptodate	
	Pordenone TDS Produktion	Http://194.12.17.33/asp/tds.asp	IT, FR, DE, BE, CH, UK-Tess, SE, F-Line Siegen	Uptodate	

The TDS databases Pordenone, Nürnberg and Stockholm are updated every 10 min. That makes changes or new products visible on all servers after 10 minutes at the latest (Porcia, Nürnberg and Stockholm). *Note:* The data integration makes it possible that there are several documentations in the system for one appliance. These can be identified by a letter in the production date: P=Porcia/Italia, S=Stockholm/Sweden, F=France, U=UK, D=DES/Siegen.

Registration as User

The access to TDS can be made with the first activation using the guest user ID 'TDS' and guest password 'TDS'.

Open the mask by clicking on the specific national flag (of your national language).

Welcome to TDS

Fill out Registration Fields

Registration

In the near future registration is required to download parts list and to create a problem report.
Please fill all fields marked by a and press the register button.

LogonID*	<input type="text" value="test"/>	Password	<input type="password" value=""/>
Full name*	<input type="text" value="test_user"/>	Company*	<input type="text" value="Electrolux"/>
TTown	<input type="text" value="teststadt"/>	Country	<input type="text" value="Testanien"/>
Full phone no*	<input type="text" value="123456789"/>	Telefax	<input type="text" value="123456789"/>
E-Mail	<input type="text" value="test@testonline.de"/>		
<input type="button" value="Register"/>			

If you need the spare parts search, you must additionally apply for the spare parts search with TSE-N via Lotus Notes using your login ID.

Product Search, Search Keys

It is possible to search for the product by following fields:

Attention: Basically, a maximum of 100 products will be displayed as result!

- Brand
- PNC (product number)
- Model
- Publication Number

Product Query

Please enter your search criteria
Enclose % to replace any number of characters

Show diagram

Create PDF

State of PDF requests

The download can be selected in several languages (approximately 12 languages at the moment). Now click 'Create PDF' and the mask *state of PDF requests* appears:

State of PDF requests

To save created PDF documents click the right mouse button and choose "save as..".

No. in queue	State	Pub No.	Language	Parts list	Diagram	Download
1	waiting ..	599508896	EN	X	X	

Close

This example shows that 1 download processes are worked out until your download will be carried out.

Download

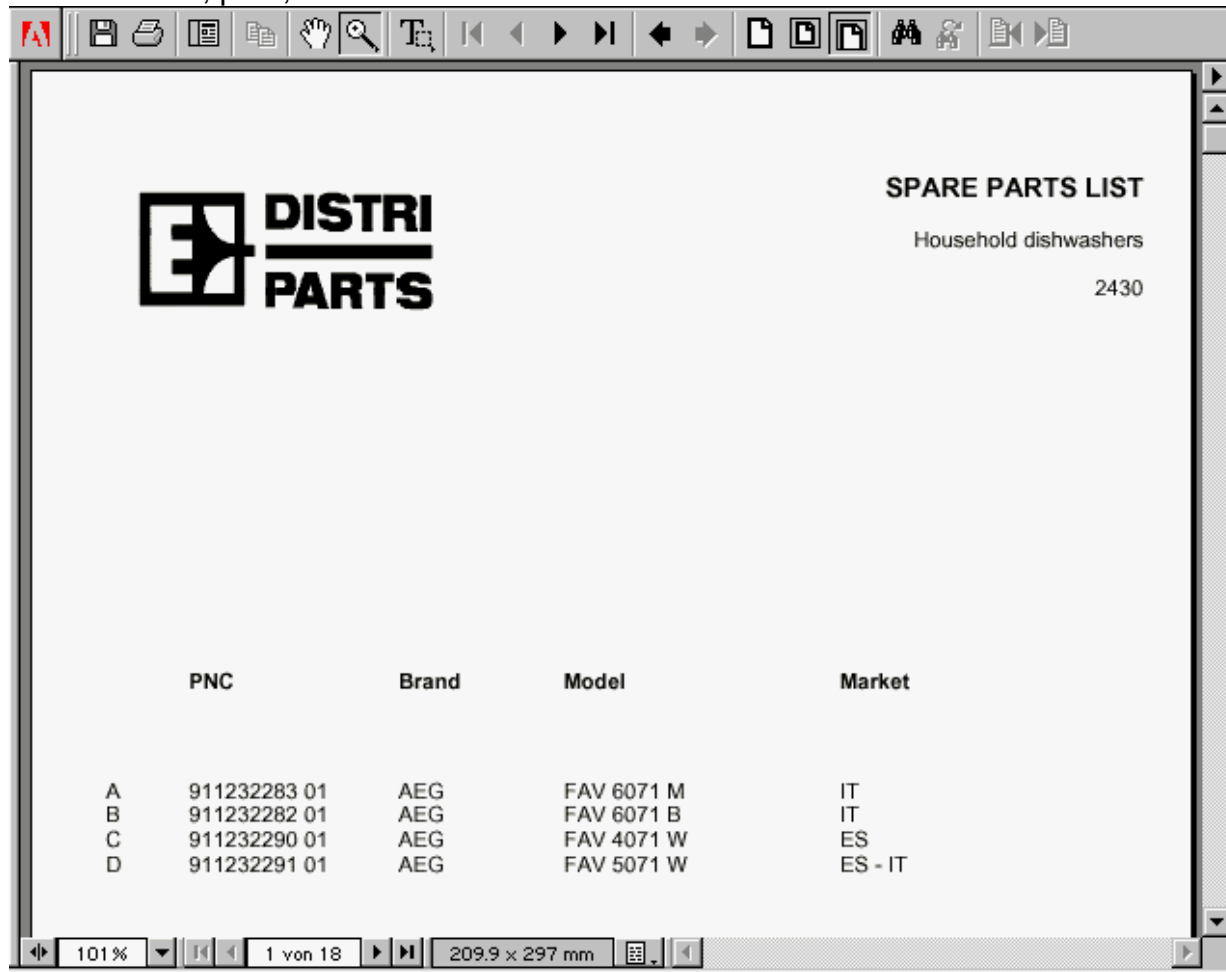

If the Acrobat Reader symbol appears in the download field, the file can be opened by clicking on it.

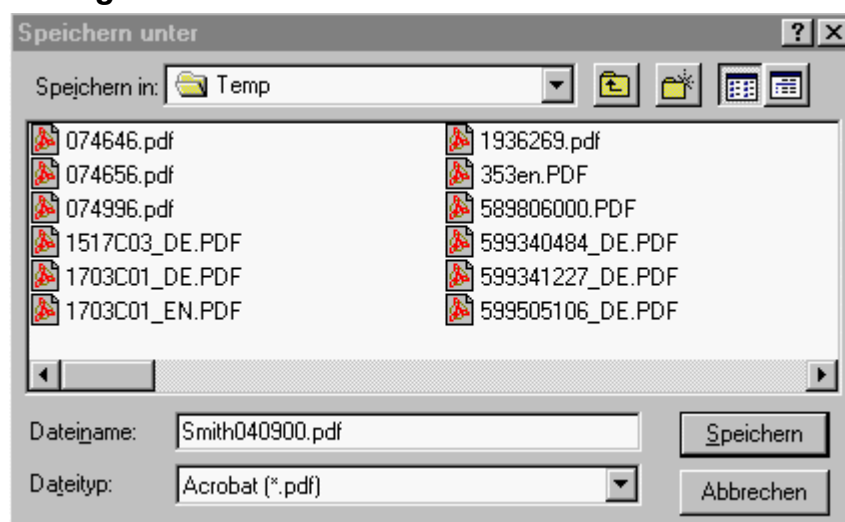

Attention: It is not necessary to wait directly for the termination of the download function. At any time it is possible to look at and/or download another appliance.

The download function is a separate program in TDS.

The functionality of the Acrobat Reader can now be used again.
Such as save, print, etc.

Saving of PFD File

This file can, of course, also be saved on your hard disk. You just have to give a file name for it.

Sending by e-mail

The Electrolux Group mainly uses Lotus Notes (LN) as e-mail client.
Click New Memo and fill out the address line and the reference line.

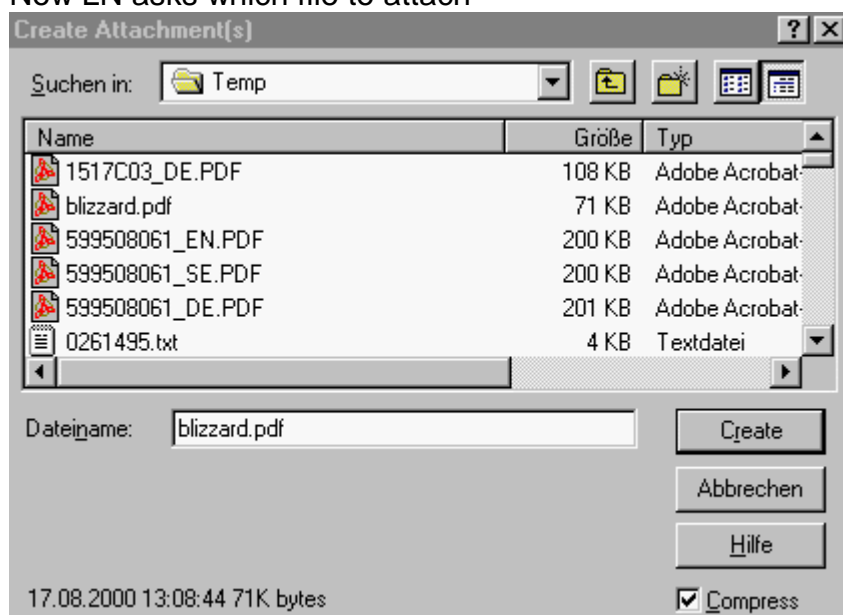

To: Kertz@ackermann.com
cc:
Subject: Ersatzteilunterlagen

Attach PDF File

Click on the paper-clip in Lotus Notes

Now LN asks which file to attach

Select Create and then Send

Now the e-mail message is sent directly to your customer or your colleague.

Look over the Circuit Diagram

As already described select the appliance

Brand	PNC	ProdDate	Model	PubNo	Download/ Diagram	Additional documents		Fiche
AEG	911232282 01	20000901	FAV 6071 B	599508896	Download	Show	Markets	1531D07

Press 'Download'

The selection mask appears:

the country code to the respective appliance. This facilitates the production of country-specific CD-ROMs.

Availability of TDS

Our servers are online 24 hours a day and 6 days a week.

Network Costs

To reduce the network costs, we are demanded to point out that using TDS causes so-called operating resp. availability costs.

Thus, among others, line capacity, server capacity and also the general speed of all our systems will be affected.

Therefore it is necessary to prevent the start of all intranet and host as well as internet connections when uploading the PC. Only the ID systems, which are required resp. called more frequently during the day, should run on stand-by.

Future of TDS

At the end of this year a CD-ROM system will be distributed, which makes it possible to work network-independent, i.e. with an on site server.

In TDS web applications you will find shortly other applications, such as Soft call avoidance, fault trees, etc.
